AMENDMENT AND RESPONSE UNDER 37 C.F.R. §1.111

Sir:

Responsive to the Office Action mailed April 17, 2002, reexamination and reconsideration of the above-identified application is respectfully requested in view of the following amendments and remarks. The Examiner is respectfully requested to enter the following amendments.

In the Claims:

Please amend the claims as follows:

(Twice amended) A sterile injectable pharmaceutical composition comprising a pharmaceutically active agent and a buffer wherein said buffer consists substantially of succinate at a concentration of about 10 mM to about 40 mM and a counterion.

(Amended) The composition of claim 1, further comprising a sufficient 9. concentration of a tonicifying agent such that the composition is isotonic.

29. (Amended) The composition of claim 21, further comprising a sufficient concentration of a tonicifying agent such that the composition is isotonic.
